(Financial Guidance during litigation)

"Connie's financial analysis spelled out what impact my financial decisions at the time of my divorce would have on me and my children over a 10 year period. Based on that information, I was able to make better decisions that affected our way of life over the long haul. She provided an invaluable perspective on such a crucial matter."

(wife in collaborative process)

Dear Connie,

Just wanted to drop you a line and let you know how much I appreciate everything you did for me. I would not be where I am today without your kindness and support. During the process of my divorce you were very patient in answering all of my questions and I know I had a lot of them. When there were things I did not understand you took the time to explain them to me no matter how many times I asked the same question. I am not sure there are too many people that would have taken the time to help me the way you did. You made things very clear and broke them down so I could see the full picture. You make the whole process less overwhelming and I felt very comfortable in my decision. Thank you so much for all of your knowledge and help.

*Sincerely,
Sue*

(husband in mediation)

“Connie came up with a number for the child support - the maintenance. We were just kind of stabbing in the dark, until we came to see Connie. We needed somebody who was an expert in the financial details. She costs less per hour than the attorney or the mediator. She was able to get us answers faster and for less money.”
